PUBLIC BID TO OPENING OF NEW POST OFFICE SATURDAY

Congressman Golden to Deliver Address At Short Program At 3 P. M.; Building Open For Inspection Until 9 P. M.

Formal dedication of the new Torrance post office building will take place this Saturday, October 12, at 3 p. m. A brief but impressive ceremony has been arranged by Postmaster C. Earl Conner to which the public is invited. A special speakers' platform will be erected on the north side of the building, and immediately following the ceremony, the new federal building will be open for inspection until 9 p. m.

Congressman Charles J. Golden, through whose influence the appropriation was made for the building, will deliver the dedicatory address. Other prominent guests who are expected to attend include Mayor Scott R. Ludlow and the members of the Torrance city council; Supervisor John R. Quinn, Henry B. R. Briggs, postmaster of Los Angeles; Michael Y. O'Rourke, postmaster of Beverly Hills and president of the California Postmasters' Association; Leon J. Dwight, postmaster of San Pedro; Maude-Dawson Shea, postmaster of Redondo Beach and president of the County Postmasters' Association; and Miss Bilde Paddock, postmaster at Lomita.

At the conclusion of the short program the keys to the new building will be turned over to Postmaster Conner by a representative of the United States treasury department, and members of the Bert S. Crossland Post-American Legion, will conduct the flag raising exercises. During the public inspection of the building in the afternoon and evening, the Torrance Symphony Orchestra under direction of George Mershon will entertain with an attractive program.

Receipts increased receipts at the Torrance post office indicate that before many years they will reach the \$40,000 mark necessary to become a first class post office. Postal sales for the year 1932 were \$20,301.91; in 1933, \$20,946.74; in 1934, \$25,613.94; and for the first nine months of 1935, \$21,773.32.

The advantages of air mail were more generally known. Postmaster Conner believes that there would be a much greater use made of this economical and rapid method of sending letters and parcels. The cost of air mail is six cents per ounce.

The air mail schedule out of Torrance is as follows: Letters or parcels mailed before closing time of the last mail at 5:45 p. m. reach New York at 8:10 p. m. the next day, and if a special delivery stamp is attached are delivered by 8 p. m. Air mail addressed to Kansas City and St. Louis, if mailed before 5:45 p. m., is delivered before noon the next day, and reaches Chicago at 2 p. m.

Development of Alondra Park Is Approved By Works Progress Adm. Detailed plans for the development of Alondra Park at a cost of \$800,000, were being rushed to completion this week by the county regional planning commission, following receipt of official word that the project has been approved by the Works Progress Administration.

Expenditure of \$800,000 would provide for the development of the entire park, engineers stated. The entire area would be landscaped, a fine 18-hole public golf course installed, recreational and play areas installed, such as tennis courts, and a swimming pool built. The federal government's contribution to the Alondra park project, one of 11 park projects throughout the county, would be \$775,000. The county would contribute plans and specifications and other engineering services, amounting to \$25,000, bringing the total to \$800,000.

County Forester Spence D. Turner submitted the project as one of 11 totaling \$1,465,000. William J. Fox, co-ordinator between the county and the WPA, received official information this week of the projects that had been approved by President Roosevelt and the allotment board, and the money earmarked pending receipt and approval of detailed plans.

A \$100,000 sanitary sewer for Lomita, and a \$485,000 storm drain for Gardena also were approved by the President and the allotment board, Fox stated.

Chamber Meeting Planned Tuesday Is Postponed

Postponement of the quarterly membership meeting of the Torrance Chamber of Commerce scheduled for Tuesday, October 15, was announced today by Secretary L. J. Gilmester. It has been planned to hold a discussion of the charter form of municipal government, but owing to the fact that much information highly pertinent to the question and now being compiled by City Auditor Rambo is not yet available, it was deemed advisable to postpone the membership meeting until a latter date, Gilmester stated.

FAMOUS EVENTS IN HISTORY The United States Naval Academy at Annapolis opened October 10, 1845.

The first steamboat on the Great Lakes left Buffalo, October 10, 1818.

Staff Is Proud of New Building

Smiling their approval of the new home which they are about to occupy is the staff of the Torrance post office. The picture was taken on the steps of the new federal building, and includes: Bottom row: Clair F. Urquhart, carrier; Mrs. Minnie M. Teague, clerk; Dale Dean, clerk; Ted L. Wertz, carrier; Postmaster C. Earl Conner; George Hannan, carrier; Mrs. Margaret M. Hutchins, clerk; Louis H. Deininger, assistant postmaster. Top row: Wm. Mason, special delivery messenger; Glen Robinson, substitute carrier; George Koehler, rural carrier; Herbert Stullenburger, clerk; Harold Buck, substitute carrier; Wm. Everett, fireman.

MRS. JAMIESON APPOINTED TO LIBRARY POST

Succeeds Mrs. Isabel Henderson in Charge of Torrance Branch

Mrs. Dorothy Jamieson has been appointed librarian at the Torrance branch of the county library, to succeed her mother, Mrs. Isabel Henderson, who has been in charge of the library since it was established in 1913. Miss Phyllis Knorr, daughter of Mr. and Mrs. John Knorr, will be the assistant.

Mrs. Jamieson is a graduate of the California State Library School, and has had a number of years experience in library work. Miss Knorr was graduated in 1934 from the School of Education, University of Southern California, and will devote herself particularly to children's reading interests. She is a trained story teller. With a story-hour and lecture room provided in the new library building when it is constructed, Mrs. Jamieson and Miss Knorr will be able to plan for delightful meetings for both children and adults.

While the official change will be made Saturday, the new librarian and her assistant will take full charge next Monday afternoon. Under the new contract with the county, additional hours have been arranged and the library will now be open from 12:30 to 8:30 p. m. daily including Saturday. At present the library is open only five afternoons, and evenings each week, being closed on Saturday.

Torrance will entertain Morning Matinee For Children At Torrance Show

Price of Admission Will Be a New or Used Plaything

Through the co-operation of Manager DeWitt B. Van Derlip, the co-ordinating council of Torrance will present a morning matinee at the Torrance Theatre Saturday, October 12, for children starting at 10 o'clock. The price of admission will be a new or used plaything.

Four Dogs Are Poisoned This Week

Four dogs were poisoned in the vicinity of Coti and Amsonia avenues north of Torrance boulevard this week. Police who were called to the neighborhood found pieces of meat laced with a foreign substance, which they turned over to the county health department with a request for an analysis. The health department, however, declined to make the analysis with the plea that since it has laid off a number of chemists it is unable to do the work.

Public Reception For High School Principal

The faculty and students of Torrance high school invite the citizens of Torrance to attend a reception in the library at the school, Tuesday evening, October 22, at 8 o'clock, to meet Mr. Thomas H. Elson, newly appointed principal. Those who have been invited to form the receiving line are Mayor Scott R. Ludlow of Torrance, Mrs. L. S. Rounsaville, president of the Los Angeles board of education; Dr. Frank A. Bouelle, superintendent of schools; Warren Conrad, assistant superintendent; Miss Evaline Dowling, director of instruction; Bronson C. Buxton, president of the Torrance Chamber of Commerce; Dr. A. W. Smith, president of the Kiwanis Club; Mrs. A. W. Johnson, president of the Woman's Club; Dr. George P. Shidler, president of the Rotary Club; Miss Lute Fraser, president of the National Business and Professional Women of Torrance; Mrs. Irvin C. Rous, president of the Torrance

COUNCIL CALLS FOR BIDS ON THREE UNITS OF WATER SYSTEM

Proposals For Pumping Plant, Storage Tank and Pipe Lines Received October 29; New Mill Pumps 1,500 Gallons Per Minute

Torrance's new water well, located west of Cedar avenue and north of Torrance boulevard, was producing 1,500 gallons of water per minute on the pump yesterday, and city officials are elated at the copious flow and apparent good quality of the water produced.

It is estimated that at this rate, the well will produce at least four times the amount which will be required for all purposes. Samples have been taken and sent away for analysis, which analysis will be submitted to the council for approval.

As soon as an OK is received on the character and quality of the water a request will be made to the PWA for authorization to start on the second well, which will be completed for standby purposes.

At the meeting of the city council Tuesday night a notice to contractors was adopted calling for bids on the remaining three units of the city water system, including the pumping plant, and appurtenances; 42,500-barrel steel water storage tank, and distributing system of approximately 20,000 feet of pipe lines.

Bids on these units will be opened in the council chambers at 8 o'clock p. m. Tuesday evening, October 23. The successful bidder will be required to deposit a labor and material bond in the amount equal to one-half of the contract price, and a faithful performance bond in amount equal to the contract price, both to be obtained from satisfactory bonding companies acceptable to the council and to the Federal Emergency Administration of Public Works.

This inaugurates the letting of the contract to responsible firms, and the completion of the work in the required time.

Bids may be made on one, two, or all three units, but no bid will be considered which covers a part of a unit.

Hallowe'en Carnival Ball Tuesday Nite

American Legion Auxiliary Invites Public to Festivities At Legion Hall

Do you know that the American Legion Auxiliary will hold their Hallowe'en carnival and ball in the American Legion hall, Carson street, Tuesday evening, October 15.

Do you know that this will be the one benefit affair for the season to which the public will be invited?

Do you know that music for dancing from 8 p. m. to 1 a. m. will be furnished by Fred Graff's Ingewood orchestra—the orchestra that made the last auxiliary dance such a howling success?

Do you know that a splendid floor show has been arranged and that Frances Norton, formerly of Ziegfeld Follies, will dance the rumba?

Do you know that refreshments will be served in the Spanish kitchen, especially arranged for the ball and that a professional fortune teller will read the past, present and future?

Do you know that tickets were placed on sale Wednesday and that only a limited number will be sold?

Secure your reservations at once and plan to attend the season's outstanding social event in the Legion hall, Tuesday evening.

N. Y. DEMOCRAT FLAYS CRITICS OF ROOSEVELT

Pays High Compliment to Congressman Golden At Dinner

If any of your Republican friends try to tell you that conditions are no better under President Roosevelt, ask them if they would like to go back to March 4, 1933, when Roosevelt took office. You will recall that all the banks in the country were closed and that you couldn't cash a check or get any money anywhere. And when they talk about the big deficit in the federal treasury, remember that \$5,000,000,000 of that deficit was lent by President Hoover when he went out of office. This was the challenge made Monday evening by John J. O'Connor, veteran Congressman from New York City, who paid a surprise visit at a dinner meeting given by Congressman Charles J. Golden to prominent Democrats of the 17th district. The affair was given in the Gilpin Grill at 855 Vermont avenue and attended by 113 friends of Mr. Golden. Included in the gathering were state assemblymen, Democratic committee men and newspaper publishers and their ladies in the 17th district.

Congressman O'Connor is one of the oldest members in point of service of the house of representatives. He is chairman of the important rules committee, which plays such a vital role in pushing through much of the emergency legislation, enacted to carry out the Roosevelt recovery and reform program. He has been a personal friend of President Roosevelt for over 25 years, and his younger brother was a former law partner of Roosevelt in New York.

Congressman O'Connor paid a high tribute to Congressman Golden, stating that there was no more attentive nor industrious member of Congress than Mr. Golden, nor one who was more conscientious in carrying out the wishes of his constituents.

In commenting on the patronage question, always a troublesome matter in the life of any Congressman, Mr. O'Connor stated that Congressman Golden has labored better with the administration than he had, in spite of his intimate and long friendship with the President.

One of the highlights of the evening was a humorous talk given by Postmaster C. Earl Conner who recounted his experience in getting Dr. McQuarrie of Gardena into the conference with President Roosevelt during his recent visit at San Diego.

While a number of leaders in the various factions of the Democratic organization in this district were present, including several prominent Epic leaders, all were agreed that they should stand united behind the re-election of President Roosevelt. Congressman Golden introduced City Judge Robert Leasing and congratulated Torrance Democrats upon the organization of the first "On to Roosevelt Club" in the nation.

Four New Projects Will Be Filed By the City of Torrance For Needed Community Improvements

Four new WPA projects will be filed by the City of Torrance at an early date, covering needed improvements which city officials hope will prove acceptable and be launched at an early date. They include a sewer system for Vista Highlands, paving, sidewalks and curbs along certain streets in that district, a sewer system for South Torrance, and tennis courts for the City park.

The Vista Highlands project will consist of the construction of 22,810 lineal feet of pipes and inlets, at an estimated cost of \$49,287, for material and labor. Relief labor will be used on the job.

Paving costs for Sonoma avenue, El Dorado, streets in the vicinity of the Fern avenue school and other streets in the district will run to \$34,695, and will represent the use of rock and oil at a cost of 10 cents per square foot. Sidewalks and curbs are estimated to cost \$18,670.

In South Torrance, a sewer system covering 48,000 lineal feet is projected, at a cost of \$95,500. The Vista Highlands sewer will connect with a branch of the outfall which leads west along the south line of the Pacific Electric Railway Company's property at the Maple avenue intersection. The South Torrance sewer will connect with the branch which leads south on Narbonne avenue.

Double tennis courts of concrete, measuring 120x20 feet, are to be built at the City park at a cost of \$1,550 for materials and \$910 for labor. An additional cost of \$1,200 will cover a fence along the Santa Fe railway lines, six feet high except along the line of the tennis court where it will be 12 feet high.

An effort will be made to secure an outright grant from the federal government, which means that the entire cost of the four projects will be borne by the government, with the exception of approximately five percent for amortization which must be paid by the city. Whether this effort will be successful is problematical, but the projects will be filed at an early date anyway.

Building Site Committee to Meet Monday

Ten Additional Members Are Named At Preliminary Meeting Wednesday

Appointment of ten additional members to serve with them to form a "Committee of Forty" in recommending sites for the new municipal auditorium, library, and city hall was made last evening by a group of representatives from local industrial plants and civic organizations which held a preliminary meeting in the council chambers over the fire hall.

Five citizens selected to represent the merchants were Harry W. Roberts, Harvel Guttenfelder, Henry Grubbs, Dr. Alden Smith and Dr. J. S. Leavasser. Those named to represent the public-at-large were Jack Murray, Mrs. J. O. Bishop, O. A. Kresse, H. Mel Roberts and R. J. Deininger.

The next meeting of the entire committee of 40 will be held in the council chambers at 8 p. m. Monday, October 14, and all representatives are urged to attend. In deference to the ten new committee members who had just been named at last evening's meeting, and of course were not present, it was decided to withhold all discussion of building locations until the meeting Monday evening. To clear up a misunderstanding among some members, it is emphasized that all 40 committee members, representing the various organizations and industrial plants in the city, as well as the ten newly appointed members, are expected to attend and participate in the discussion of appropriate building sites.
